## RECORDING THE MASTERS LAUNCHES KICKSTARTER FOR BLUETOOTH CASSETTE PLAYER

RecordingTheMasters, the worldwide leader in reel-to-reel tape manufacturing, is launching a Kickstarter campaign for the new Mystik portable cassette player. The Mystik player will feature a revamped electronic board designed with former Thomson/RCA Audio Engineers with an emphasis on audio playback, the latest Bluetooth 5.0 connectivity and a rechargeable battery. Purchase the Mystik portable cassette player via Kickstarter at

### PLEDGE ON KICKSTARTER

The cassette player will also feature a built-in microphone for quick-start recording, a 3.5mm REC line jack for higher fidelity recording, a 3.5mm headphone jack and a transparent window showing the spinning wheels of the listener's favorite cassette tape.

Expected to retail at 99€ when brought to market, the Mystik portable cassette player is now available to a limited number of early backers for 71€, bundled with a blank FOX C-60 high quality audio cassette tape, during the Kickstarter fundraising period.

RecordingTheMasters is a trademark of France-based Mulann SA, the worldwide leader in the manufacturing of both audio and magnetic tape. Additional info can be found at [recordingthemasters.com](http://recordingthemasters.com) and [mulann.com](http://mulann.com).
